

**FOSTERING FINANCIAL FREEDOM FOR ALL IN  
AFRICA**

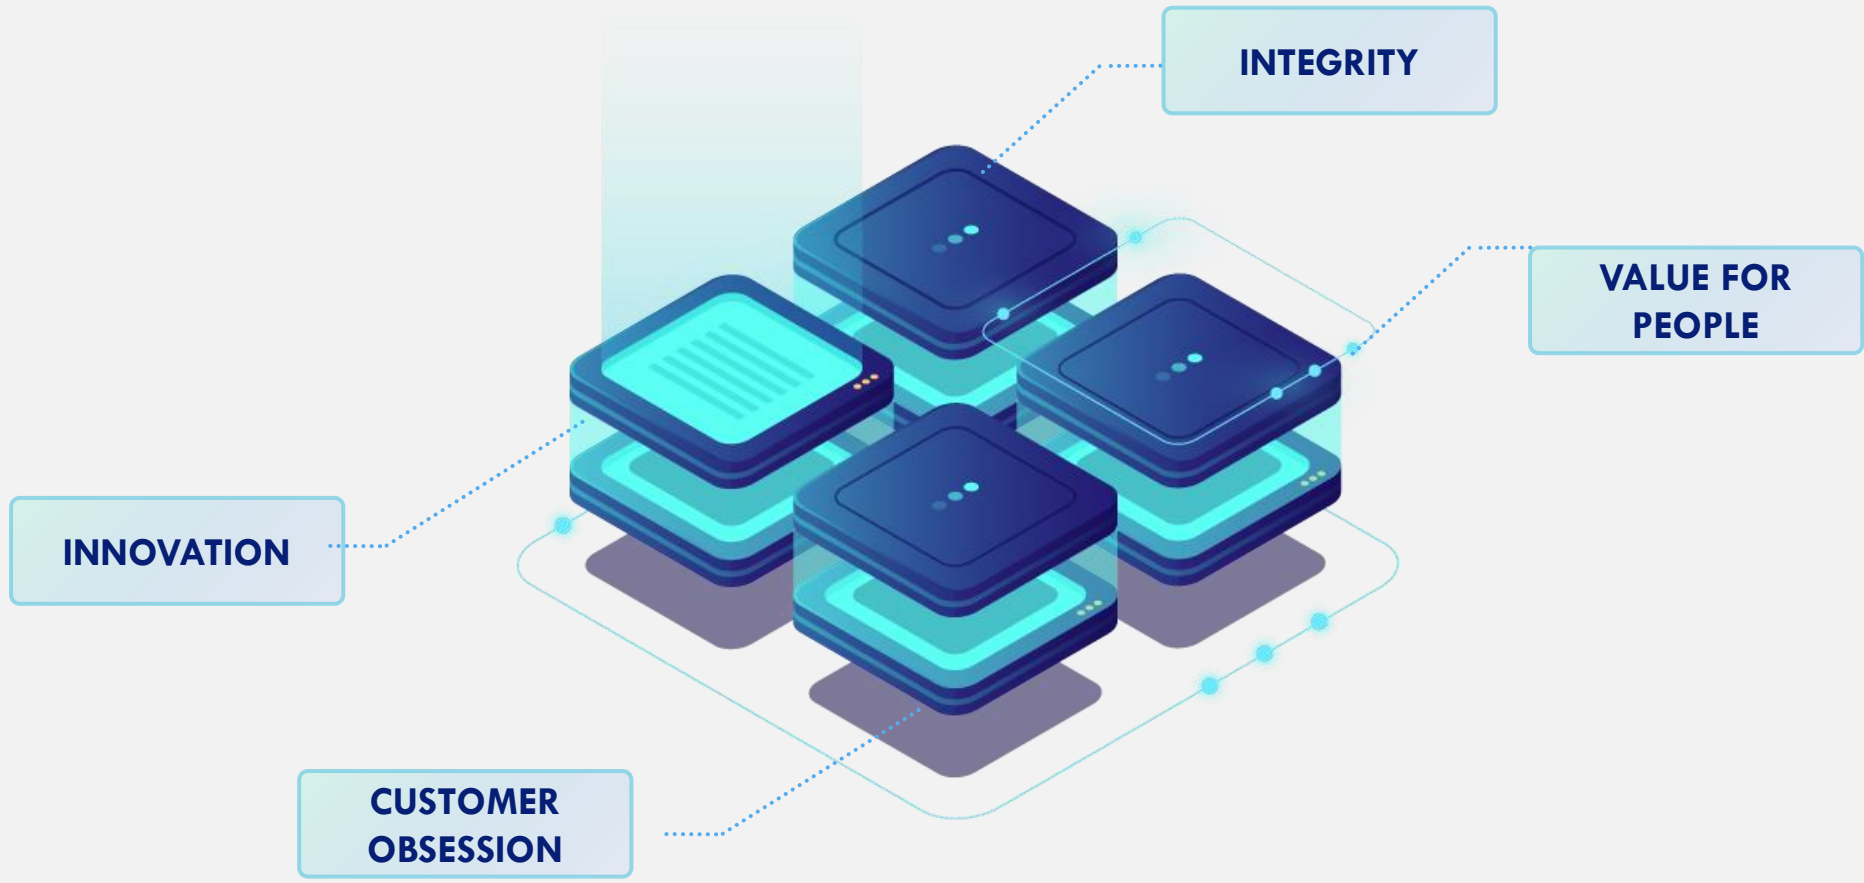

**Value  
Proposition  
Statement**

For **Financial Cooperatives** in Africa, that desire to grow profitably, FutureLink Technologies is a Community-driven Marketplace for financial services that enables them acquire new customers, access affordable financing, and reduce operational costs to 10%, unlike other technology companies that provide just technology.

For the **Un banked** and the **Under-banked** in Africa, we are the platform through which they are able to access and choose the most relevant and affordable financial services. Unlike banks, our collaboration with Financial cooperatives enables our customers to access services designed just for them.
